→ ABOUT US

PROFILE

Founded in 1985, Vector Brake & Clutch has over 30 years of experience in manufacture and supply of quality automotive components. Vector Brake & Clutch specializes in the research, design, manufacture and supply of clutch systems for both passenger car and commercial vehicle applications. The company is at the forefront of clutch technology with continual investment in the most advanced manufacturing, testing and inspection techniques available.

As one of the world leading international automotive parts manufacturers Vector Brake & Clutch places the highest priority on quality products. The company continuously strives for improved product quality, with ongoing investment in research and development in all sectors of the business.

Vector Brake & Clutch supplies clutches to the worldwide market. Our products are being fitted to the latest generation of vehicles on the production lines and aftermarket.

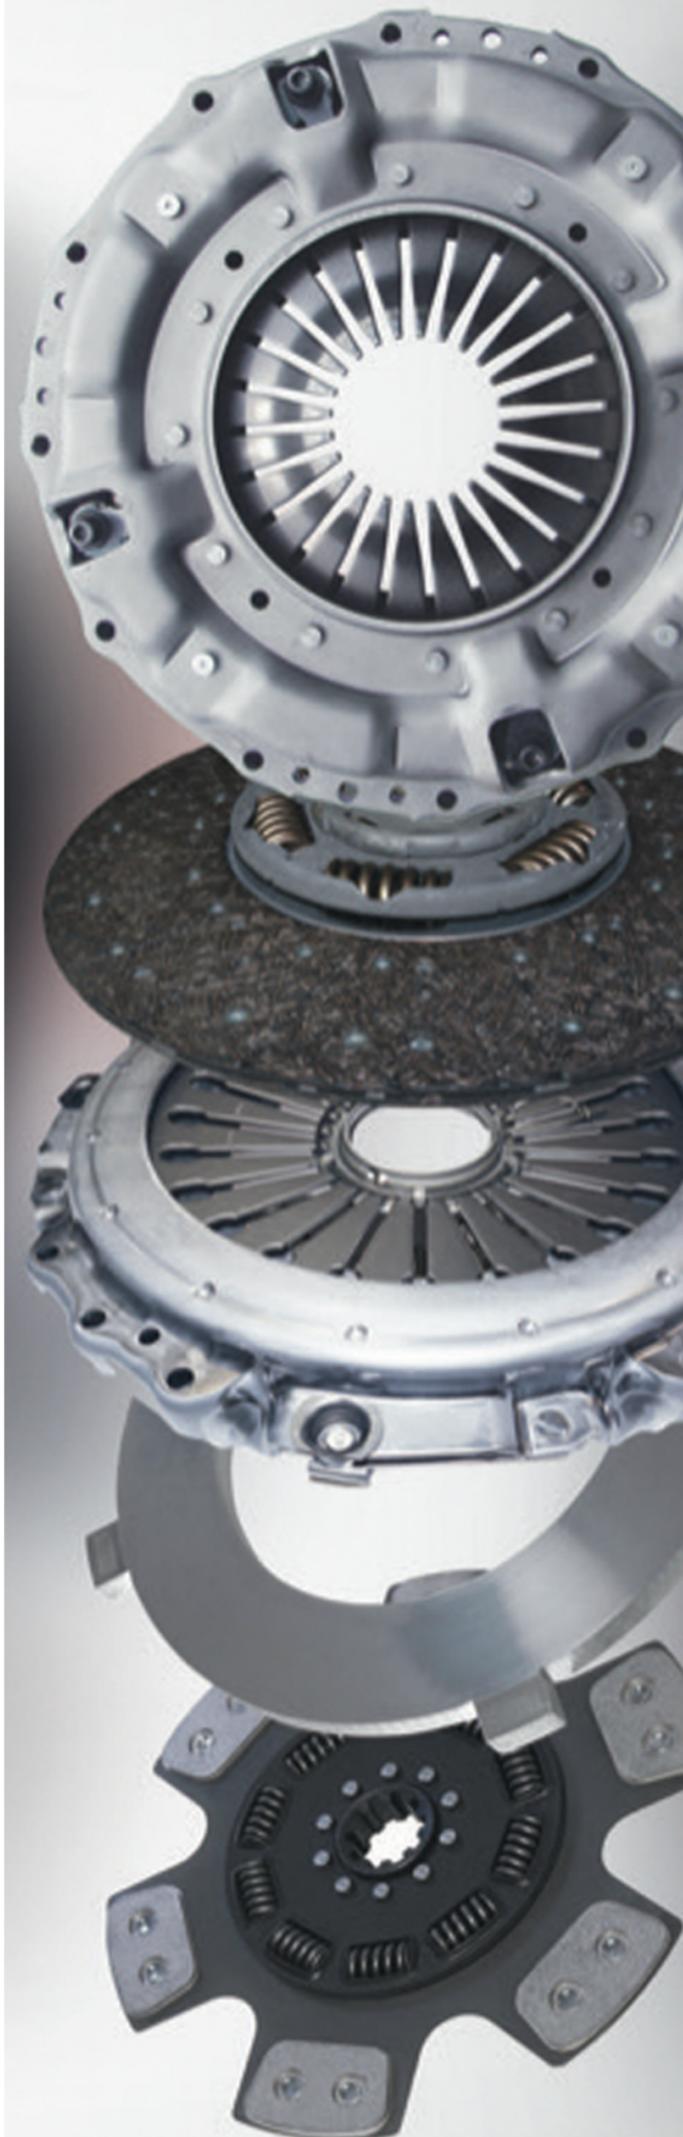

Vector Brake & Clutch has established subsidiary companies in Europe and in the USA to service the needs of our increasing international client base.

Vector Brake & Clutch, the only reliable alternative to OE!

DEFINED BY QUALITY!

MANUFACTURERS OF MANY OF THE WORLD'S FAMOUS BRANDS.
